THEME

THE COMING OF AGE

"The Coming of Age" theme is based on an origin story. A good example of this theme is the lifecycle of a butterfly, it starts off as a caterpillar and transforms into a beautiful butterfly. This phase of transformation is "the coming of age".

When a character in a book or movie is going through "The Coming of Age," it means they are growing up, learning new things, and becoming the person they aremeant to be.

As you get older, you face new challenges, learn more about yourself, and discover the world in different ways. It's when you start understanding more about friendships, family, and the exciting, sometimes confusing, things in life.

Just like in your favourite stories, characters often must make choices and face challenges to grow up. It's an exciting journey full of surprises, and you get to seehow characters become stronger, smarter, and braver as they grow older.
